

ORNAMENTAL OPPORTUNITY

Environmental Horticulture Program Manager

THE IR-4 PROJECT

The IR-4 Project Environmental Horticulture Program (EHP) Manager position will be tasked with coordinating research and pesticide (bio-based and chemical) registration activities on ornamental plant species in collaboration with IR-4 researchers across the U.S. This position will be based at the IR-4 Headquarters office on NC State University's Centennial Campus.

This is a fantastic career opportunity in ornamental horticulture. We look forward to growing our dynamic team!

HIRING RANGE: \$115-130K
